
PROFESSIONAL SUMMARY

Highly accomplished and results-driven Cloud Architect with 10+ years of experience designing, implementing, and managing scalable, secure, and resilient cloud architectures on AWS. Proven ability to leverage DevOps principles and Infrastructure-as-Code (IaC) to automate infrastructure provisioning, governance, and deployment pipelines. Expertise in AWS core services (EC2, S3, VPC, Lambda), Kubernetes, Terraform, and cloud security best practices. Seeking to contribute my expertise to ASCENDING Inc.'s innovative and fast-paced environment as an AWS Architect.

PROFESSIONAL EXPERIENCE

Sr. Cloud SME | FedSoft, Inc |

Leading cloud modernization initiatives, focusing on automating infrastructure provisioning and governance using Terraform and AWS. Designing and implementing scalable, multi-cloud architectures incorporating Kubernetes. Implementing automated security controls using HashiCorp Vault and AWS IAM, ensuring compliance and cost optimization.

Infra Architect | Clover |

Led the design and implementation of scalable and secure AWS cloud infrastructure using Terraform. Architected Kubernetes-based container platforms and integrated cost optimization strategies. Implemented DevSecOps practices and drove compliance efforts for SOC 2, PCI DSS, and ISO 27001.

Chief Solutions Architect | HappyPathway |

Architected self-service infrastructure using Terraform and implemented cloud-agnostic Kubernetes solutions. Led migrations to AWS, reducing cloud costs and improving compliance with SOC 2 and ISO 27001 through DevSecOps practices.

Sr. Site Reliability Engineer | AppDynamics |

Automated deployment pipelines and spearheaded the development of an automated AWS AMI pipeline. Integrated Consul for centralized configuration management with Terraform and established a Jenkins-driven CI/CD process.

DevOps Engineer | RetailNext |

Architected and automated AWS infrastructure using IaC. Developed a scalable continuous deployment pipeline and implemented a real-time monitoring framework, integrating cloud security best practices.

TECHNICAL SKILLS

- | | |
|------------------|---------------------|
| • AWS | • Cost Optimization |
| • Kubernetes | • HashiCorp Vault |
| • Terraform | • EC2 |
| • Cloud Security | • S3 |
| • CI/CD | • VPC |
| • DevOps | • Lambda |
